EDUCATION

B.Tech Computer Engineering
Gujarat Technological University
09/2020 – present , CGPA: 8.8/10

PROJECTS

Healthify:

- This user-friendly platform offers a symptom checker and evidence-based remedies, providing vital health information to those in need.
- Used: React js, React-Bootstrap, Node js, Mongo DB

Readews (current-news):

- Stay informed with a glance at the latest headlines, and if something piques your interest, dive deeper into the full articles.
- Used: React js, React-Bootstrap, News API

Road-Safety:

- The app includes features such as accident reporting and real-time weather information. Users can report accidents or hazards they encounter on the road and the app will render those accidents as markers on map for nearby drivers to help them avoid the area
- Used: .NET 6 core, MS SQL server, javaScript

CICO (clock-in clock-out):

- The app features a simple interface that allows employees to easily clock in and out of work, start and stop their breaks, and view their daily working hours.
- Used: Angular js, Firebase, Material UI (M-UI), Ionic Framework

EXPERIENCE

SOFTWARE DEVELOPMENT ENGINEER (intern),
Rao InfoTech
06/2022 – 09/2022

Accomplishments

- Aided in design and development of Asset Management System using various technologies like angular js, node js and Mongo DB.
- Developed an app that aid in monitoring working time of an employee from scratch using angular js, ionic framework, and Firebase.
- Learned about various software development life cycles.
- Worked with agile development methodologies.

TECHNOLOGIES

Languages: JavaScript, java, c++, c#, python
Frameworks: Angular, React, Bootstrap, React-Bootstrap, Material UI, Three js

CLUB ACTIVITIES

Technical volunteer-Google Developers Student Club
(09/2022 – 03/2022)

- Managed to kick-start a community of enthusiastic programmers since it was the very first time we introduced GDSC to college.
- Also used the opportunity to host DIY sessions for juniors, to teach them technical fundamentals

CERTIFICATES

Responsive Web Design
FreeCodeCamp - 09/2020

SQL Basic
HackerRank - 12/2021

JavaScript Algorithms and Data Structure
FreeCodeCamp - 05/2022
